Jim and Rich,

I saw this go out and thought I'd send it to you directly. Following our previous work together, EPA is not issuing a "demand letter" and triggering interest obligations, but hopes to work out an expedient resolution of the past costs. The draft AOC follows the most recent costs agreement very closely. Jere has been speaking with Jack about this, and to my understanding Jack had requested it go directly to him. Of course, I anticipate we'll be discussing it soon, and I look forward to speaking with you then.

Best,

J. Andrew Helmlinger

Jack – Attached are a cover letter, the summary of EPA costs from January 1, 2010 to December 31, 2011, and a proposed Administrative Settlement Agreement for payment of EPA oversight expenses. A hard copy of all three documents is coming to you in the mail. Please take a look at these and let me know if you have any questions or concerns. Thanks.
